

## CHAPTER - I

### OPENING PRAYER

Oh Lord the True God, we praise You for tributes) for our benefit throughout our lives. You have bestowed Your life and light in us. You are manifesting Your divine love towards us. You are providing Your strength to us in times of our weakness. You are providing help to us to correct ourselves from wrong ways because You are just and lawful. You are sanctifying us by Your holiness. You are strengthening our faith with Your invisible majesty. So we adore You for Your manifold divine blessed qualities. We offer our grateful praises for Your constant endeavour to bestow us with Your divine qualities.

We find that there is infinity in Your eternity. In Your love there is Justice. In Your Justice there is Holiness. In Your Holiness there is power. In Your Invisible Majesty there is Revelation. In Your one divine quality all Your divine attributes are imbedded and manifested. So when we recognize that You have given us one of Your attributes in full, we understand that You have endowed us with all of Your divine qualities. When we recognize that You are without a beginning and without an end. We understand that there is neither beginning nor end to Your attributes also. As we cannot separate the three Persons i.e., Father, Son and the Holy Spirit in the one God whom we worship so also we cannot separate the divine qualities from one another. When we think in our minds on one of Your attributes, all Your other divine qualities will enter into our minds in a bunch. All Your divine qualities are equally prevalent in You. We praise You because You desire to stamp in us all Your qualities permanently.

Just as the heat, light and shape together make into a flame of fire so also the Father, the Son and the Holy Spirit make into one God whom we adore. When we re-

move even one element from the flame of fire, the entire flame will extinguish even though the other two remain. When we reject anyone of Your divine attributes, it will lead to rejection of all Your other divine qualities. When You punish one person according to Your justice we dislike it. In the same manner when You love us why do we like It? Our way of reasoning is improper and Your way of reasoning is Holy. So we salute You. When one of us acquires all Your divine qualities by waiting on at Your holy feet, except You the Holy and almighty God why does He approach others?

Oh God grant us Your grace that all Your divine qualities should be established in us constantly and consistently. Oh merciful God, You have given us the choice of freedom to use liberally all your divine qualities as much as we wish. Even if You have given all the other divine qualities except the quality of freedom all other qualities will be of no use. Hence, we thank You because You have given that quality of freedom as well. When You have bestowed us with all your divine qualities, in other words, when we have received them they would be like a bunch of glowing (burning) candles on a candle stick. We offer our praises for that. When put together, the flame of one candle will kindle the other candles, and the light of each candle will mingle with one another, not differentiating apart. In the same manner, all Your divine qualities are interlocked together. Likewise make all your divine qualities interwoven in us safely and permanently. You have lit our lamps with Your lamp, just as the lighter (caretaker) of the lamps keeps the lamps glowing, and Oh Lord, make our lamps glow continually without extinguishing. You have already told that "I am the Light of the world", We notice that You have put Your light in every one of this world, and so we thank You.

You have said unto the multitudes “You are the light of the world.” So we recognize that You have put your light into us, for this gift we thank You. Our Father, men in the past have seen the light in You. Now we pray that You enable others to see the light which You have put into us. We understand that the light includes the combination of all Your divine qualities.

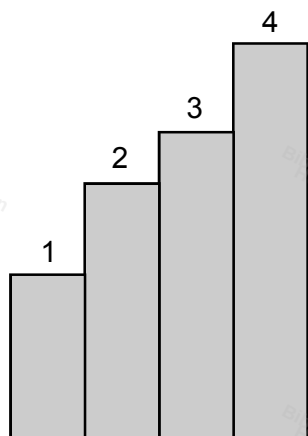

Lord by His creation and by His craftsmanship has kept the light in us. He says that “Let your light shine brightly.” Hence, in the word of God He commanded us to arise and shine forth (Isaiah 60:1). Oh Lord, give us strength to show our light to others, so that we can exhibit our divine qualities to them. When the switch is on there is light. When it is on that light will shine forth. Likewise when we switch on with our wisdom, the divine qualities which were implanted by God Himself in us, the divine qualities of God will come out. Oh God, when anyone of the divine qualities with which You have endowed us diminishes, we pray that it will not be extinguished, instead restore and revive it. When one of the four lamps diminishes, the Master (caretaker) will kindle it again. As I have already mentioned if one lamp extinguishes the remaining lamps will automatically extinguish. It will happen in the lifetime. It will not happen in the age of grace. Are we not finding a single god quality even in a culprit (thief) also!

Summary of Prayer :

1. Oh Lord, let our lamp shine forth continuously.
2. Oh Lord, do not permit us to distract from the path of Your divine qualities.
3. Oh Lord make Your divine qualities shine forth brightly before others, continuously through our lives. Amen.

Note:- EXamine yourself to find out which divine quality

of God still remain even till today. What do you have in you? Love, Justice or long suffering? Please don't say that you are eternal but say you are everlasting. Examine yourself whether you have the spiritual life in addition to the physical life with which you deal. Do you have love which was put by God in you? Has it diminished? By practising meditation constantly in His presence these divine qualities will grow gradually. If they are not growing, examine what is defective in your practise of meditation in His presence.

## **.CHAPTER - II**

# **PRAISING GOD FOR HIS DIVINE QUALITIES**

## **(PRAISES FOR USE IN CONGREGATIONAL DEVOTIONS)**

**EVERLASTING BEING** : Oh Eternal God, You have been existing without being created (even before the foundation of the earth was laid). You are watching all our movements. You have planned and provided everthing we need even before the beginning of creation. Hence, we offer our grateful salutation to you.

**INFINITY** : Oh Infinite God, You have existed always. You have provided Your Eternal presence and everthing for all times and ages for our benefit, to be useful for us to to our entire satisfaction. Hence, we offer our praises to You.

**LOVE** : Oh Father of Love if You had not revealed to us as the Truine God, we would not love You. Your love is widely manifested n the entire creation. Your love for us exceeds our love towards our children. Due to Your love You have created us. What else can Yo do except to love us? Because of Your love towards us, You thought over in advance and have made everything available to us. Just because of that love You have been patiently bearing with us, punishing us and forgive us. Due to Your love toward us, You have promised not to remember our sins again. For this, we adore You.

**HOLINESS** : Holy Father, You have created the entire creation and the man in perfect holiness. After the entry of sin into us we have become sinners. By Your holiness, You are making us holy again. Only because You are holy, You are being worshipped forever by the hosts of angels who are praising Your holiness. You will purify us and will make us holy and will keep us in Your presence forever. Hence we praise You.

**OMNIPOTENCE** : Oh Omnipotent Father, can do everthing but You cannot sin. You can do everything perfectly for our sake however difficult and impossible task it may be. You are able to satisfy our desires. When we having fallen, have asked You to raise us up, You would definitely do accordingly. For that we worship You.

**OMNISCIENT GOD** : Oh Omniscient Father, You have given Your knowledge and wisdom to angels, to men and to all the creatures. Only because of that knowledge the man can understand many mysteries in the creation. Even if I struggle hard to get something withmy own strength or wisdom to achieve what I thought I cannot get it. You will know with Your Omniscient wisdom that it will only hurt me and I will not get anything whatever I seek inmy foolishness. It is beyond my knowledge and it is within the range of Your boundless wisdom. When we do not understand any portion of the Bible, we will unnecessarilly be toubled at our hearts by questioning ourselves. Inspiteof depending on our knowledge, if we ask You earnestly, You will definitely reveal the truth in it. For that we salute You.

### ***An Illustration :***

Once I having been grieved to imagine the condition of those men who have died without hearing the gospel even once in their lifetime enquired the Lord about them. The Lord answered "I have conducted Bible Classes in Hades (the habitation of unsaved spirits) and preaching there. Then I exclaimed happily saying "Now it is clear Father." Thus I felf glad and praised the Lord.

**LIFE**: Oh Lord of life we know that You are abundant in Life, and so You have been actively involving in the entire universe ceaselly. When the life You have put in us turns inactive, You revive us with Your life-giving Spirit, with which myself and my prayer will be full of life and vitality. Even if death occurs, it is not death, but it is considered as a renewed life. For this blessed quality we adore You.

## CHAPTER - III

### PRAISING GOD FOR DIVINE QUALITIES

1. Oh God You are The Everlasting Being. You were not created by somebody else and You are the eternal and self-existent Person. So we thank You.

2. Oh God, You are the Light. Hence You have made the Sun and the moon and the stars and gave light to them. You have given light to the eyes of all the creatures to see around. Hence we praise You.

3. Oh God You are the knowledge and Wisdom. So You have bestowed knowledge and wisdom to the hosts of angels, to men and to all the creatures. By that wisdom countless mysteries are being revealed and explained. You were revealed to our knowledge. So we offer our praises to You.

4. Oh God You are the Love. All the creatures in the creation love one another so also do men love one another. Hence we praise You.

5. Oh God You are the Just God. Hence You forgive us. In spite of that You will punish the people who do wrong and also You can forgive them. Hence we salute You.

6. Oh God You are the Holy One. Though there is sin in the world, there remains the holiness as well. There is cleanliness in the rain water and in the fruits. Though there is sin in men there remains the holiness also. Hence we salute You.

7. Oh God You are the Power. Hence, You have given the power to the men and to the other creatures so they are able to walk and work. Hence we offer our grateful praises to You.

8. Oh God You are the Omnipresent God, therefore everywhere prevails Your honour which includes love, life, holiness, Your workmanship and Your protection. Hence our grateful thanks to You.

9. Oh God You are without form. Hence You are not visible to us sinners. Though You are not visible God, You appear to some in visions and to some in dreams. So we offer our hearty thanks.

10. Oh God You are Sovereign Being. You are the Independent One by nature. You do not need any advice from others. Hence You do everything on Your Own. So we thank you.

Oh God You have given Your wonderful and divine qualities to angels and to human beings as well. For that we offer our praises. One of the angel after falling into sin lost Your good qualities, Likewise, human being having fallen in the sin, have been losing almost all of your qualities. Even then You are showing long-suffering towards them. So we praise You. Oh God, You will bestow Your talents to those who pray to You. So, we bless You. Oh God You have sent Your Beloved Son Jesus Christ into the world and in Him You have manifested Your qualities. So we offer our profuse thanks to You. Oh God, if we examine and observe everything in the creation, we can easily find Your Good qualities in it. Hence, we praise You. and Oh God, after removing evil nature from the believers, You are taking them to Heaven. There, they have been enjoying Your great qualities forever. So we offer our sincere and pure praises.

## **CHAPTER - IV**

### **PRAISING GOD FOR HIS DIVINE ATTRIBUTES**

#### **(PRAISES MENTIONED IN PRAYER STEPS)**

In us both the divine qualities and evil qualities are mixed up together. It is our duty to have the evil nature eliminated from us through the meditation of God's attributes. Prayer to God is very useful for this purpose.

1. THE CELESTIAL BEING : God is the God Himself. God is the wonderful One. He is the First One, existing even before anything that was created. He is the great, good and eternal God. Though He is without form, He is a Person.

Faith and praise : Oh God as You are the true God You are beyond the every idea of our knowledge. So we extol Your excellent greatness. You Yourself have formed the idea of Your existence. Hence we adore You.

2. LIFE : Since God is full of life and activity He cannot remain inactive and idle. He cannot stay away from creating man even when He knows that man will fall into sin. He rather may save the sinner but did not stop creating Him. The divine attribute of Life is all pervasive with all His other attributes. Likewise each divine attribute is pervasive with all the remaining divine qualities. All the divine qualities are interrelated. Each divine quality, while in activity, mingles with the other divine qualities emerging as a single divine attributes.

Faith and Praise : O God You being life itself continue to inspire us with life daily, hence we worship You. When the life which was poured in me by You recedes (weakens), You are the only One that strengthens and renews my life for which we magnify You. You are the sustainer of life in every human-being. When the human being lose the

strength of life they will die. In due time, You will resurrect them and will make them alive again. So we praise You for Your great creative power. You are the Source of life, not only for the physical life, but also for our spiritual life. Whenever I become weak in my spiritual life, only You revive and strengthen me with the gift of renewed life. So we extol Your good deeds. You have started this good work in me now and here itself to bless me with eternal life in heaven. So we offer our thankful praises. As You are living eternally You granted grace to live with You forever and ever. Accept our worship and praise.

**3. LOVE:** God is the Love by nature. So He forgives up no matter how many times we sin. He prepared everything we need even before we were created. Bestowing us with all these things we desire vivid (clear) evidence of His love.

**Faith and praise :** O God we worship You for You are the embodiment of Love. You could not keep away from creating me because You Yourself is Love. You created me intending that I could be with You in Your presence for ever. So grateful salutes to You. Just because of Your love towards me You have prepared everything I need even before I was born. Your exceeding love for me has motivated You to become a man like me in every aspect keeping my salvation in Your mind. For this we extol Your great Name. In this context I am exceedingly delighted to read the verse which goes “ For God so loved the world that He gave His only begotten Son....” You have implanted this nature of love in men unto men and in creatures to understand Your love for us explicitly. You have revealed Your great qualities such as Your love in the Word of God and You are teaching us by You Holy Spirit. So for these gifts that reveal Your love we praise You.

**4. JUSTICE :** God is Just. He will never act against the nature of the creation. For example, two fives result in ten; He will never make it nine even if we pray earnestly. If He has done so it will be against the order of the nature. He is perfectly just and judging the men in rewarding and punishing them according to His law.

**Faith and praise :** O God You are the embodiment of justice. So we adore Your great Name. As You are just You are punishing the accused. No matter how much sinful one is if he repents and prays to You, You are just enough to forgive him saying that it is quite reasonable to save him. For this Your great quality we adore You. As You are the Originator of Justice, You will place everyone according to his needs. You will grant everyone as much as one needs. So we praise Your name. You will never commit injustice, so we offer our praises. We notice that often You will keep silent even if You observe wickedness and afflictions in this world. It is right in Your sight since You have given the privilege of freedom to men. You will not prevent them from doing so. But according to Your justice You have appointed a day of judgement to punish the wicked who have wilfully misused the freedom. Further, You are giving plenty of time for the man to repent and to come to You. For this reason You are keeping silent, so we praise You. When You observe men grow in wisdom and to start a new life. For these Your excellent qualities, we worship You and honor You.

**5. POWER :** God is the power. So He is able to do everything He wishes. Nothing is impossible with Him. One Christian preacher was asked whether God can commit sin. Then the preacher replied that God will never. Then the enquirer started that we call God as the Almighty, when He cannot sin. The preacher then said the sinning is like falling down from holiness, and so dies

falling down require strength? Will You state that a person is strong when he often falls down?

**Faith and praise :** O God, You are powerful, and we extol You for Your exceedingly great strength. Oh Father, we bless Your great Name, because the great heavens and the vast earth are Your creation and are sustained by Your power. Oh Father there is nothing You cannot do for my sake. Hence, we magnify You. Even if I go astray and enter the Sheol or uttermost parts of the earth You are mighty enough to save me from there. S I adore Your mighty Name. We bless Your glorious Name because You with Your might enable us to do those things that cannot be done with our strength. We adore Your wonderful Name because You are strong enough to provide us everthing we need, as well as remove those things that we do not need and those things that harm us. I recognize that You can take me to heaven by Your power, as I have already known that I cannot ascend to heaven on my own accord. Hence, I heartily praise Your esteemed Name.

**6. WISDOM :** God is an embodiment of knowledge and wisdom. So no one is capable of advising Him and counsel Him. We can recognize the growth in the field of knowledge by looking at the many innovations made by modern men these days. How excellent God's wisdom is which gave human beings such vast knowledge to that great extent. Even if we share all our knowledge with one another we can never understand how excellent God's wisdom is. No two things are alike. No two men are alike. No two animals are alike, No two trees are alike. Unless we thoroughly observe and examine it, we cannot conclude it so.

“Oh the depth of the riches both of the wisdom and knowledge of God! How unsearchable are His judgments and how inscrutable His ways! for who has known the

mind of the Lord, or who has been His counsellor? or who has given a gift to Him that He might be repaid? For from Him, and through Him and to Him are all things. To whom be glory for ever and ever” (Romans 11:33-36).

**Faith and praise :** O God, You are the embodiment of all wisdom and knowledge, we delight in meditating Your excellent Name. Even when I work according to my foolishness, You enlighten me I rejoice in praising Your good Name. When we examine the history of creation You made for us, we observe Your wisdom in the excellent order and structure. The way You created man only after creating all that he needs shows the great order of Your excellent and unsearchable wisdom. You have not created first things last and last things first. But You have not created everything in its due time. So we rejoice in the goodness of Your wisdom. You have arranged everything according to its proper placement. You have kept the things in wilderness which should be kept in the wilderness. You have kept the things in the sea which should be kept in the sea. The arrangement and order in Your creation shows Your excellent wisdom. So I rejoice in Your deeds of wisdom and knowledge.

**7. HOLINESS :** Some people have a misconception that God Himself is the root cause of goodness as well as evil. But how can the Holy God commit sin? In case God commits sin or becomes the cause for sin, He will be the greatest sinner amongst sinners. If He is a sinner, how can He be God? Does light become darkness and darkness becomes light?

**Faith and Praise :** O Father, as You are utterly Holy, You have created everything holy. So we offer our praises. Though I am a sinner You will make me Holy and after relieving me from this sinful world at last, You will take

me to Heaven which is the abode of Holiness. So we offer our praises to Your Holy Name. Our Holy Father, You abhor sin because You are Holy, yet You are merciful towards sinners. Hence we adore You for this Your goodness, After the last judgement, You will change this sinful world into a holy world and make it a part of the Heaven. So we offer our praises to Your Holy Name. After that the remaining people on this world are not aware of sin. As such, the people now in the heaven are sinless for which we adonre Your excellent Name. Oh, Holy One, Oh Holy One, who is, who was and who is to come (Rev. 1:8), in all the places and among all saved people only You are worthy of all honour and praise. You are the Holy one so You have not created sin, so we offer our Praises. You were not the creator of either sin or its consequences. Oh Father, You are the source and Sustainer of holiness. So accept our everlasting praises of Your great Name.

**8. FREEDOM :** God has absolute freedom. So He is not bound to follow the wishes of somebody else. He does not need to depend upon someone. Nobody is superior to Him, so He has no need to obey somebody's orders. While He is doing everthing according to His own will, there is no hindrance for completion of His works.

**Faith and praise :** Our Father, You have given freedom to every creature You created for which I rejoice whole heartedly. You have given me freedom to worship You whole heartedly withou compulsion, for which I offer my delightful salutations. To our first parents You gave freedom to eat freely every fruit in the garden. Even now we too have this freedom to enjoy everything according to His own will, there is no hindrance for completion of His works.

**Faith and praise :** Our Father, You have given freedom to every creature You created for which I rejoice whole

heartedly. You have given me freedom to worship You whole heartedly without compulsion, for which I offer my delightful salutations. To our first parents You gave freedom to eat freely every fruit in the garden. Even now we too have this freedom to enjoy everything You have provided for us in this creation. For this gift of Yours we offer our hearty praises to your Name. You have provided every spiritual blessing to the believers. We would not say that we are short of this and we are short of that, and You desire that we enjoy every gift without any limitation. For these bounteous gifts we adore your great Name. We extol Your goodness while rejoicing and meditating on Your Word - "For all things are yours, whether Paul or Apollos or Cephas or the world or life or death or the present or the future, all are yours; and You are Christ's and Christ is God's (I Corinthians 3:21-23). So we extol Your good Name.

**9. OMNIPRESENCE :** God is Omnipresent. There is no place in the Universe where He is not present. So we must be conscious always that whatever and wherever we do anything, it is known to Him, and so this awareness must make us to live thing from Him. If You acknowledge this greatness of His. He will help You in every place. In Acts 2:1-4, it is written that while the disciples were waiting in prayer in the upper room, for the promised Holy Spirit, they heard a sound from heaven and it filled all the house as they themselves were filled with the Holy Spirit, If You accept this, He will fill all your heart also. How good the news is this to You to give great joy!

**Faith and Priase :** Our Father, we adore You because You are present everywhere in the Universe. You will stay by my side whether I am in my house, or outside or in travel, or in your Church or at the school or at the workspot. You are with me whether I am in a safe place or in a

dangerous place. Your presence makes me rejoice whether I am in this world or in Heaven. We offer our hearty praise of Your greatness because You are with us whether we are asleep or in careless state, whether we are in darkness or in light. We rejoice at the good thought that You, the Omnipresent God, will be with me in every place I go in the entire universe and throughout all time. You have provided this blessed life for me along with the Holy angels and Your saints in your presence. So with this joyful thought, we heartily bless Your great Name.

#### **10. PRAISES TO THE TRUE GOD OR TRINITY :**

Though God is uniquely only one, He revealed himself to us in the Book of His word as Father, Son and Holy Spirit, So when God is referred He is spoken of as one individual in three persons as well as three individuals in one person. Yet God is only One, and not three. When we say that He revealed Himself as three persons, the human interpretation that there are three gods does not fit in the case of God. In Their working - Father created the Universe and all in it: Son Has borne the sin of the whole Universe and redeemed it; Holy Spirit reveals the truth, gives wisdom and strengthens to make us glorify God. This revelation of the mystery of Truinity we received from Him is beyond our comprehension (understanding) and so we need not meditate about it any further into this mystery. It will be beneficial if we rejoice in our spirit and be content with the revealed explanation of the Truth. This is illustrated by the fact of flame, light and heat together make into one fire. We recognise that even if one of these three is extinguished, the fire goes out. We cannot say that these three are individual things, but say that the fire is only one. In a similar manner, we understand that God is only One, and is revealed in Trinity.

**Faith and praise :** Oh Father as we meditate on the wonder of your revelation as Father, Son and the Holy Spirit, and the wonder of one God in three persons and the three individuals in one Person, we rejoice to adore Your wonderful Name. Our Father even as You are True, You created us as true body, soul and spirit ( I Thess 5:23). So we worship You with all our hearts.

**11. DONATOR OF DIVINE QUALITIES :** It is written that God created man in His own image and likeness (Genesis 1:26-28; 5:1). What do His image and likeness mean? His divine qualities are His image and likeness. He created man by putting His qualities in Him Just as a Son inherits the qualities of his father, God gave us His qualities even before we knew Him. In this we notice God's love. He gave also those things which were created for our needs and these His gifts show His love toward us. All of Him and the creation He made are ours through His gift to us and this thought must fill our hearts with love, gratitude and adoration for Him.

**Faith and praise :** O God, we offer our joyful thanks for the gift of Your good attributes and nature to each of us who believed in Your Name. When any evil that is contrary to Your divine nature enters our it causes grief to You as well as to us. Yet, to avoid Your name being dishonored, and to protect us from perishing by our grief, You have provided a way of cleaning us of our evil through the shed blood of Your Son. For this Your benevolent and wise provision we offer our joyful praises. This gift of Your own goodness to us is the greatest of all Your gifts to us. You have given Your word in the Book to enable us understand all these gifts, and so this Book is a great gift indeed. We offer our wholehearted praises of Your name for all Your gifts. AMEN.

## CHAPTER - V

### PRAISING GOD FOR DIVINE QUALITIES

**(Fourth Version - Useful in fasting and Prayer Sessions)**

1. Oh God, the Eternal God, we bless your Name. You were not created but the self existent Person. You are the God without being created. We praise You because of this greatest attribute far exceeding that of all creation.

2. Oh Infinite God, We offer our praises to You always because You are everlasting God.

3. Oh God, You are without form, so glory be to You forever and ever. We the Sinners are not able to see You because of our sinful condition. Though You are invisible You always behold each of us and we praise You for such wonderful glory. Eventhough You are the invisible God, You have been revealing Yourself to some in visions and to some in dreams - and for this we glorify your Name. Though You are without form and cannot be seen, You have created us with a visible body of a form that is useful to us perfectly. For this Your greatness we offer our praise. Moreover, You have created our spirits with the quality of invisibility, evn as You are a Person. So I adore You with my invisible spirit and the visible body.

4. O God of Life, You are the source of our existance. But, when we through our weakness, become lifeless, You in Your benevolence revive and renew us by pouring Your life into us. So to the Bestower of Eternal Life we offer our adoration to You.

5. Oh God You are Powerful. To You belongs the Power and Might. That is why You gave strength to men and all living beings, and they by Your gift are able to move and work for their needs. May Your name be extolled for this Your goodness. As I remember the way You have led us to progress and so far protecting us with Your strength given to us, we extol You for Your strength. Even when we cannot accomplish any work with our strength, You perform it to completion with Your strength. So we praise You with all our strength.

6. Oh God in whom is hidden all the treasures of Wisdom and knowledge, You have gifted wisdom and understanding to all the angels, men and living creatures in Your creation. Through this gift of Yours we are understanding many mysteries. May You be glorified. Further, even before we pray to You for our needs and desires to You, You know them well in advance and so You are ready to grant us all that we need. You are wise and killful to remove the difficulties into which we fall. You are wise enough to solve our problems. We confess that we with our limited knowledge can never fully comprehend Your infinite wisdom and knowledge. And yet we extol Your glory with all the limited knowledge we have.

7. Our Holy Father, May you always be honoured since You have created me and all the creation in a Holy state. But with the entry of sin, and all the creation have become defiled. Yet You are able to make holy and pure by Your holiness. So we honour Your Name with our cleansed hearts and minds.

8. Our Loving Father, we extol Your kindness. We joyfully recognise Your love toward us through Your gifts, Your long suffering toward our imperfections, Your long suffering toward our imperfections, Your guidance in our daily walk, and Your works wherewith You relieve our sufferings, and beneficial acts done by You and so we praise You. Yet, I confess that our grateful praises are not sufficient to compare with the abundance of Your love toward us. We know the affection with which the living creatures love their own; we know the affection with which the men love their own; and we know the love of our parents in this world who love their children. But Your love for us exceeds far above all these affections. So I offer gladly all my love to You with all my heart.

9. Our Just and Righteous God, Your justice is far exceeding superior to the best justice of mankind. When I am in wrong, You rebuke me according to Your justice and You punish and correct me according to Your. So with great respect for the excellent justice You keep always. I honour You with all my heart and mind.

10. Our Omnipresent Father, we adore You for Your great quality that You are present in Heaven and on earth; You are with me wherever I am at all times and are available to help, assist and protect me. You are able to keep me free from fear of loneliness. So O offer my grateful praises with all my mind and heart.

11. O God, Free and Independent Lord, You are able to perform everything all by Yourself and without any one assisting You for which we worship You. You never need anyone to advise You. We extol Your greatness in doing

everything perfectly according to Your own plan and desires and no one can obstruct Your freedom from accomplishing Your full purposes. You have shown Your love by giving this type of freedom for us to do our task by depending on You without any compulsion. For this Your gift we worship You.

12. O God, You Yourself are Light, we know You have created the Sun, the Moon and the stars with the ability to give light. You alone have also given the ability to respond to light in the eyes of all the creatures. So we offer our thankful salutations and extol Your greatness.

13. O Lord, I praise You for You have given me a body to honor You. Though this body is now unworthy to honour You, transform it into a holy one and ultimately give me a glorious body to take me into Your presence. We praise You.

14. O Lord, Author of all good gifts, we offer our grateful adoration You because You have bestowed to men and to angels Your divine qualities. Also we observe Your great qualities in the various creatures testifying Your nature, person and greatness. So we humbly offer our adoration and worship, to You, who alone is worthy to receive glory, honour and power now and always. AMEN.

## **CHAPTER - VI**

### **PRAISING GOD FOR HIS DIVINE QUALITIES**

**(Useful at the time of Fasting Prayer Sessions)**

#### **1. LOVE :**

Father, You are an embodiment of Love. Because You are Love we praise You. To enable us to enjoy Your fellowship, You have created us with the same divine qualities as You have, and so we extol Your Name. You have loved us even before we were created- and even before we started loving You and for this Your goodness we offer our thanks. You have wonderfully loved us even when You knew that we would sin against You and would be living in disobedience against You. To show Your love for us, You have created the angelic hosts to be our ministers and the earth to be our abode with all our needs provided in it. For this we praise You. You have prepared everything we need well in advance. When we were lost in sin, in due time You have sent Your beloved Son for our salvation. By giving away Your Son You have given away everything to us. So we adore You. How can we sufficiently repay our debt of gratitude for Your love. O Loving Father, Merciful Father, we offer the sacrifice of our lips for the love You have for us, for Your deeds of love for us, for the calling You made for us by Your love, for the fellowship with You in love and all the words of loving care You have written in the Bible for our benefit. But in times of testing, trials and sufferings, when we do not receive Your help quickly at the time we desire, we due to our weaknesses mistakenly think that You do not love us. But now we acknowledge that it is our ignorance to misunderstand Your love. We cannot comprehend the height, the breadth, the length and the depth of Your abundant and exceeding love. To our Father who envelopes us with love, we offer our adoration and we worship at the presence of Your Beloved Son Jesus Christ.

## **2. OMNIPOTENCE :**

Our Omnipotent God, we praise You because there is nothing too hard for You. All the good You have destined to do for me, I know You are strong enough to completely accomplish at the appointed times, and I offer my praises of Your Name for this confidence in Your Name. We praise You because You are able to perform what all we pray in Your Name. We adore You for You perform all the best beyond our imagination. You cannot do what relates to sin, yet You are considered to be Omnipotent. You are mighty to oppose and hinder the consequences of sin and wickedness, and protect us, for which we extol Your Name. You are mighty enough to keep us safe from stumbling into sin. While You are operating in all my works, give me the mind to acknowledge that You use the fullness of Your might. Give me grace to look for Your strength operating in me, rather than look into my weaknesses. We worship You, knowing fully that Your strength will overcome our weakness and we will be saved ultimately only by Your own strength.

## **3. COMPLETE JUSTICE :**

O Lord the Judge of the whole earth and heavens, we praise You for You have been a helper and executor of justice towards all those who follow You. You are the Benefactor to those who always pray to You, to those who live according to Your Word and to those who obey Your commandments and to them You will reveal Yourself. O Just God we thank You for this knowledge of the nature and the quality of Your justice and Your righteousness. For Your precious promise which reads "Him that cometh unto me, I will in no wise cast out", I praise You. As we have the God of Justice and Righteousness as our Father, give us the faith to believe that You will surely provide all we need. Give us this reasonable belief in You. O merciful

Father, because Your justice is holy and pure, You allow suffering to them that disobey Your commandments and You keep silent since it is very reasonable justice. Even though we, Your children disobey Your commandments You will allow us to suffer and obviously You keep silent which is reasonable and just in Your sight. For this Your reasonableness, we praise You. Merciful Father, By allowing us to suffer and through those sufferings You teach us Your commandments and guide us to lead that way; and appreciate and reward us that follow Your ways. For this Your loving care toward us, we adore You.

#### **4. RULER OVER THE ENTIRE CREATION OR THE ALMIGHTY (Rom 9:5, Rev. 1:8) :**

Lord, we adore You for You have absolute authority over everything You have created. We acknowledge and are glad that You have complete authority over each of us and so we worship You. Because of Your authority over me, You have abolished the authority of the Devil and his hosts over me. So I rejoice to be free to obey and follow according to Your authority over me. If I do not stay under Your authority, I will run into troubles due to failure by my own desires through the devices of the Evil One. To avoid such difficulty I submit myself whole heartedly to Your authority and offer salutations to Your goodness.

#### **5. SUPREME AND ABSOLUTE GOD :**

O God, we extol Your great name because You are the Supreme One among all gods, in all the Universe and among all the creatures. God, who is. Our Father, even that which is the greatest in our esteem is not great in Your reckoning. You are greater than the greatest, and so we adore You. You are far beyond everything You have revealed Yourself to us, in that manner to us, Your humble creation, for which we rejoice in Your goodness. You are greater than those who men consider as gods. You are

greater and better than all that we see, we need, we know, we possess, we discover and invent - and so we extol Your greatest Name on earth. Even when we lack everything but have You, we feel that we have everything we need. Everything You have given to us reminds us of You, for that we offer our thanks to You. Because You are the creator of everything You are greater than everything. Hence, we offer our praises to You.

O God You are our Master and Lord, You are Lord of all. You are reigning over all, and You are our King and Lord, You do lead us always in Your ways and in Your righteous ways. So we are Your people. We are safe in Your reign, and have peace and happiness. If it were true of good rule of King Solomon, it is more true of Your reign of peace and prosperity. So we worship You as our Ruler, Divine Ruler, King of kings and Lord of Lords.

## **6. HOLINESS :**

O God, the Father of all, You are holy and none can comprehend how much holy You are. Even the selected angels who have never sinned could not see Your holy Face and so they covered their faces with two of their wings. This record indicates Your holiness in some measure. So our great and most Holy God, we worship You. We acknowledge that our worship of You however well we do it is never perfect. Our hearts however pure they are there will be impurity somewhere, hidden in them. No holiness can be considered holy at the face of Your holiness. It was written in the Word of God, that at the face of Your light, created as light. So how can we find in You? How can we describe the holiness of Your love towards us? Hence we thank you.

You are holy and perfect and so You created the entire Universe perfect and without blemish. So we praise You. As You are Holy it is quite reasonable that we ought

to have worshipped You with Your holiness only. But what can we do? We can do nothing. We pray to You to accept what we can do.

Most Holy God however holy You are, You willingly came to this sinful and defiled world in the incarnation of man. So we offer our thankful salutations. Your stay in this sinful world has not marred Your holiness even as the purity of sunlight is never spoiled by its shining on unclean objects. Your purity is never defiled even when we draw near to impure and sinful world. You are the most Holy One even though You stayed and dined with the publicans and sinners, and even when You allowed sinful woman to touch and anoint Your feet. As God You are Holy. In the same manner as a man with flesh and blood You are holy too. Who can establish any sin in You? All the works created by You are Holy. Further, all the deeds You have performed in this world for our salvation are also holy. Further more, all Your teachings were Holy. The sufferings You underwent for our sake were as holy as You are holy. All these reveal that You are Holy. So we adore You and praise Your holy name. O Holy Lord Jesus Christ, You are the foremost and the best of all those who are called to be the saviours of mankind. You alone are the Holy One and You alone are the Saviour of the world and so we magnify Your holy Name. Oh Holy Saviour by Your sinlessness and holiness You are able to save even the greatest sinner. You can save me a sinner also. So we worship You. We will surely rejoice to behold the glory of Your holiness at Your second coming. We adore You.

Most Holy God, Divine Holy Spirit, Holy Spirit of Life, Holy Divine Dove, we adore You since You are perfectly Holy. We knew of Your holiness only as much as You revealed to us, but You are holier than what we know of

Your holiness. Whatever we know is the holiest thing. So we extol You. Oh God, You revealed Yourself symbolically as cloven tongues of fire. As the tongues of fire are holy and bright how can we explain how bright and shining are You? O Lord of Eternal Spiritual Light, You are not hesitant to live in our hearts. Though You are holy You neither hesitate nor detest to live in our impure hearts. How great Your Holiness is! Your holiness is without any shadow of imperfection. Oh, Holy One, we offer our holy salutations to You. Oh God of Holy Spirit who has come from the Father and from the Son, Oh God who has already made my heart somewhat better, I thank You as You go on making my heart grow in purity. Oh God who has already made my heart somewhat better we cannot comprehend how well You can change our hearts when we enter into glory. Who can comprehend how much holy are You, when the hearts changed by You are that much Holy? Oh Holy God, all Your works are Holy. All Your change is marvellous. Your enlightenment is a new creation. O Lord the Holy Spirit, we offer our Holy salutations. O God of Holy Spirit who is protecting the entire creation right from the beginning with Your wings spread over the world, we worship You as You help all the churches to pray in these last days "Lord Jesus come quickly". (Rev. 22:20).

## **7. OMNIPRESENCE :**

Our God we praise You because You are present at everyplace. You are creating every thing and You are at everything. We know that You are not apart and afar from the things created by You. You are there in heaven as well as at every place in earth. You will be with us as a companion wherever we are, and will help us. So at no time we don't bother to feel lonely. so we worship You at all times and in all places. There is no place without Your

presence or being. There is nothing apart from You. You can move to any place in a moment and whenever You wish God is present at all the places simultaneously. This great attribute of Yours is now made known to us. So we adore You for this privilege given to us.

### **8. LIFE :**

God and fountain of Life and sustainer of my life, I know that whenever my life declines due to my weakness, You will revive my life with vitality through the pouring in of Your life into me. So, I offer grateful adoration to You with all my strength throughout my life.

### **9. KNOWLEDGE AND WISDOM :**

Oh God of wisdom and fountain of all knowledge, we bless Your name because You know all our needs and desires even before we express them to You, and satisfy them even before we ask for them. When there are many hindrances to fulfil my desires, You have counsel and wisdom to remove the hindrances. So, for this Your good nature I offer my salutations with all my mind and heart.

### **10. FORMLESS STATE :**

O God who exists without any form or likeness, I cannot see You because of my infirmities and yet You have always watch over me. Though You do not have any form or likeness, You created me with beautiful and useful body. Further, You have created my spirit to be without any form, in a likeness of Your Being. So I worship You and extol Your Name with my body and spirit.

### **11. INDEPENDENT AND FREE WILLED FATHER :**

O Father, who can do everything on Your Own, You are capable of doing freely every action without assistance or counsel from any other. So we extol Your Name. Further You have bestowed the same liberty to each of

us to do anything we desire without any hindrance. We wish to worship You voluntarily and without compulsion. You have already bestowed us with all Your divine qualities. And also You have bestowed me with the desire to get the image of Your own divine quality. when You have provided all Your divine qualities, except the quality of freedom all other qualities already given will be of no use. Hence, we praise You for giving us that quality of freedom also.

## **12. TRIUNE GOD OR TRINITY :**

Our Father and God, who has revealed Yourself in the three persons of Father, Son and the Holy Spirit, we offer our hearty salutations for the revelation of Your majesty. You are not a person who is unwilling to be known, but are one who rejoices to be known and loved by Your creation. You reveal Your divine attributes, ways and majesty to each of those who seek to know You. So we worship You. You have manifested Yourself as the One God, and in three Persons, which is a mystery that I cannot understand with my knowledge. Yet, I believe in this fact which I cannot comprehend Your infinite wisdom. We will continue to grow in our understanding through ages of stay in Heaven. We offer to You our unlimited adoration and praise for Your unlimited revelations and unlimited growth in our knowledge through ages of stay in Your presence.

13. Oh God of glory and Oh infinite God, now with this assurance by Your unlimited grace that we will live forever and ever in the majesty of Your presence beholding Your face, Your glory and in Your fellowship we offer our hearty worship, adoration and praise to You. AMEN.

## **CHAPTER - VII**

### **PRAISING GOD FOR HIS DIVINE ATTRIBUTES**

#### **praises mentioned in Prayers of surrender and thanksgiving**

##### **1. THANKSGIVING :**

My God and Father, who has created all the things I need, and who is providing all things needed, my beloved Father, my Lord, my God, my Caretaker, my Saviour and my All, my Salutations to You. I adore You since You have adopted me as Your child, not only through Your creative act but also through Your Son Jesus Christ.

I extol Your goodness as I remember Your loving kindness through Your gifts, Your long sufferings towards my weaknesses, Your continuous guidance in my life, and Your works to remove difficulties in my life. I confess that I cannot sufficiently extol Your goodness for the abundant love You have for me; even my hearty gratitude is insufficient to compare with Your infinite love; even if I extol Your goodness all my life without doing any other work, it is insufficient to match Your loving kindness, I worship You for Your magnanimity in lovingly accepting even these my few words of salutations. Remembering Your mighty works of the past to protect me and for my growth, and confidently looking forward to Your continued works for my welfare in future, I offer my hearty thanks to You. Also being confident that You will surely keep me safe to take me into heaven in worthy condition at the end of my life, I offer my heart thanks to You.

3. Father, for Your underscribable and unsearchable Majesty, Your mighty works, Your blessed qualities, Your loving attitude towards me and Your glory - all to be useful for my welfare - please accept my thanks - offering.

4. Our Father who is the greatest Benefactor and Source of all blessings, we thank You for all the gifts You have given us in abundance. The air we breathe is freely given to us, since we cannot fully repay for its value. You have been giving these blessings freely to men whether believers or unbelievers, to animals to trees and to all creatures from the beginning of creation to the end of the creation. The gifts You have given us are so many and valuable that we will never be able to repay for them. The fruits, vegetables and pure water that You are giving to us are more than we need and so we offer our grateful thanks to You. You have kept in the earth's interior parts many metals, minerals and materials for our beneficial use. Men have been using them from a long time and yet they are available in plenty. The food You are providing to us is plenty and You are giving new things day by day. Only by our foolishness we are not using Your gifts properly. If only all men are wise to receive and use these Your gifts, everyone will be a prosperous one and there will be no one that is poor. There is nothing in Your creation that will be useless. I will never be able to pay the cost of these Your gifts to me. For these Your timely blessings, I offer my heart thanks.

5. Our Father, the gift of Your beloved Son for our sake is the greatest gift beyond our explanations and it is of infinite worth. Even thanking You in every moment of our life will not be enough to show gratitude we need to for this gift. Your hearty desires that - I must detest sin - that I be baptized in Your Name - that I be saved from sin - that I partake in Your body and blood through the sacrament on Your table - that I work with You for the salvation of others - that I keep Your word (Bible) actively imprinted in my heart - and that I reach Your holy presence at the end of my life - are beyond my abilities to describe Your

good purposes for me. All my life time will not suffice to count the innumerable blessings You bestowed on us. It surprises us how You benevolently accept the praise with our feeble faith and our insufficient understanding of Your greatness. Our words fail and our strength proves insufficient to thank You for Your gifts and blessings to us. However well we thank You for Your gifts to us, we will never thank You fully and sufficiently. Yet You are rejoicing over us. So we offer our grateful thanks. There are no blessings of benefit beyond the gift of Your Son to us. There is no grace beyond the Grace of Our Lord Jesus Christ. There is no salvation outside Your Church; and for these blessings we offer our innumerable thanks to You.

6. I recognize that all my long life from my birth, however holy it has been spent, is of no avail if I am not ready to the heavenly life at the time of my death. But if I prepare myself ready for the heavenly life even at the time of my death, I will surely be a blessed person. Yet, there is a better blessing for me if I am ready for Your glorious coming for me at the Rapture. By not believing in the imminent rapture of the Church if I am not prepared for the Rapture, however well and godly my life has been, I will be left behind to miserably suffer on the earth in the tribulation period. You have placed before us the blessings to have a godly life, a death with righteousness and the ascension with the living saints at the Rapture. We thank You for this blessed hope. If we don't have any of these, our lives are in vain. We thank You because You will keep us from losing any of these blessings. Accept our heart thanks we offer now in the name of the Benefactor Jesus Christ. AMEN.

## **II. PRAISE :**

1. Lord, God from everlasting to everlasting, infinite in every divine attribute, God Eternal and Unlimited by

time, Uncreated and self existant God for these Your great attributes, we honour and adore You wholeheartedly.

2. Oh God of Life, when I become lifeless due to my infirmities, You revive me and renew my life with vitality through grace by bestowing Your life unto me. So I praise Your great Name.

3. O Infinite God, You are the God living throughout all the ages. So we always praise Your excellent, everlasting Name.

4. Our Mighty God, however impossible and however difficult the task may be You can perform it for my sake. we offer worship with all our strength and heart.

5. Our all - wise God, who alone is of infinite Wisdom and Knowledge, You are fully aware of our difficulties, desires and needs even before we pray to You for them. So we find You to be all sufficient to supply all we need. Even if there are hindrances and obstructions in the way of supplying to our needs You give us the counsel and strength to remove the difficulties. So we bless and praise Your excellent Name whole heartedly with all the wisdom and knowledge we posses by Your grace.

6. Oh Holy God You have created me and the entire creation in a holy state. But the entry of sin has made me defiled. Yet, because You are Holy in all Your deeds, You will make me Holy again removing the sins and consequences from me. So I offer my hearty salutations to You with the cleansed mind and conscience.

7. Oh loving Father Your love exceeds far above every other love in the creation, even the love of parents towards their children. So we offer our whole hearted love to You.

8. Oh Just God or God of Justice and who is perfect in Righteousness, when we stumble into sin, You chas-

tise us and correct us righteously. We respect You and honour You because Your punishment for our sins is always reasonable. We praise Your Honorable Name.

9. Oh formless God or God without form who is beyond our comprehension though we cannot see You because of our infirmities, You know and see each of us altogether. Though You are formless and distinctly different from any one of the creation. You have created me with a body which is beautiful as well as useful in form. Further You have given me a human spirit without form. So for this wonderful creation of myself I worship You with my body and spirit.

10. Our Father who is Omnipresent wonderfully, we adore You because of Your presence everywhere in Heaven and on earth at all times. I rejoice at Your greatness because You will be with me wherever I am and be a helper and companion in every situation however difficult it may be to me. So You make me free from anxiety of loneliness. So we offer our worship to You in every place of our dwelling and every situation in life.

11. O God who is completely free and independent in word and work, You can accomplish all Your activities and purposes without someones advice or help and for this Your greatness, we adore You and praise Your Name. Further, You have graciously given us this liberty to do our work freely without compulsion or dependence on any other. You have given this liberty to wholly depend on You for our needs for which we freely express our adoration of Your precious Name. By giving Your qualities to us. You have given us a nature to desire only those which You love. So we praise Your Beloved Name for all Your gifts to us.

12. The True God who has revealed Yourself to us

in the three persons of Father, Son and Holy Spirit, we Honour You for this benevolent revelation of Your greatness. You are not a person who rejoices to be unknown but one who is eager to reveal Himself to all those who eagerly seek after You. You are the God who reveal Your attributes and the greatness of Your works to us. You have revealed Yourself as one God in Three persons. Though this is a mystery beyond my comprehension and wisdom, I still believe this as a fact and truth, worthy of full acceptance. Though I cannot understand this Your infinite attribute with my finite wisdom now, I will grow in understanding when I live in Your present in Heaven I will be growing in comprehension of Your greatness throughout the ages of my life in Heaven. So for this Your Benevolent Name, we offer our unending praises.

13. Lord of Glory, Source of all our joy and the Benefactor to all the Creation, with the assurance by Your grace that I will be given the blessed state of living in Your presence beholding Your glory forever, I worship You now wholeheartedly.

14. Our Creator who has given to each of us a body to dwell with now, we offer respectful salutation to You. Though this body is at present imperfect, You by Your grace are transforming it into a Holy one. In due time You will bestow a glorious body and take me into Your fellowship; for this blessing I offer my grateful adoration of Your name. Even as You revealed Yourself in three persons You have given me the three ingredients of my personality - namely body, soul and spirit - with the three united into one individual of me as a person. For this mysterious blessedness given to me I worship You. In this mystery. I am truly a child of You in Your likeness, With the assurance that I will continue to keep these Your gifts by Your grace, I adore Your Name, who alone is worthy to receive glory, honour and power from everyone now and always. AMEN.
